“HEAT’S ON - WATER’S OFF”

Saturday, September 26, 2015

6:30 a.m. - 12:00 noon

The Mechanical Contractors Association of Metropolitan Washington’s Service Bureau is gearing up for the seventeenth annual “Heat’s On - Water’s Off” workday on **Saturday, September 26, 2015** from **6:30 a.m. to 12:00 noon**. This is a community assistance event involving the joint efforts of Plumbers Local 5, Steamfitters Local 602, the Prince George’s County Department of Family Services and the Prince George’s County Fire Department.

The purpose of this event is to inspect and make minor repairs to the mechanical systems of approximately 25 homes of the elderly in preparation for the upcoming winter months. The Prince George’s County Department of Family Services visits each home verifying that the recipients qualify for the program.

We are appealing for your help by requesting manpower in the form of **HVAC journeymen, plumber journeymen** with service trucks on the day of the event. The plan is to team together one plumber and one steamfitter per truck to service these homes.

If you are unable to volunteer but would like to contribute to this worthy cause we gladly accept donations of gift cards and sporting event tickets for the volunteer raffle. The raffle is our way of showing thanks to the volunteers for their willingness to participate in this event. With your help this event will be a great success. As always thank you very much for your past and continued support of this event.

For further information please contact the Association at 301-731-0330 or fax the form to 301-731-5343.

**Volunteers to arrive at
6:30 am**

★★ **New Location:**★★

**Plumbers Local 5 Training Facility
5000 Forbes Boulevard
Lanham, Maryland 20706**
